

ER185- Mining/Engineering Consultant

Based in the beautiful bayside suburb of Manly, our client has established an enviable reputation in the Technical, Mining and Engineering sectors. They enjoy a long and experienced history and believe in long term partnerships and an unwavering passion for the industry.

They stand out from the pack due to daring to be different, setting big goals and focusing on leading recruitment solutions through innovative and consistent performance. Their brand is well known in their sector with both National and International clients.

If you are looking for something 'outside the square', with a Manager who will respect and challenge you and where success is rewarded, then you need to contact us. Instead of asking 'What are you doing for us', they ask "What we can do to support you".

On offer is:

- Generous base salary
- Outstanding uncapped commission structure – highly rewarding & transparent
- Freedom to run your desk your way
- Flexible hours
- Open & Supportive management team
- Training and development opportunities
- Control your earnings

If you are an experienced Consultant who specialises in Mining and/or Engineering (Maintenance, Mechanical, Electrical, Reliability) then this is for you. If you have the drive to succeed and are results driven then they will offer you professional growth and uncapped earnings, you will be guided to set your own goals.

The culture is relaxed yet professional and supports high performers who know what they are doing and like to be treated accordingly.
