

## **Software Development consultant – Brisbane CBD**

This is a values driven company which has a solid and well respected history in the Brisbane market; with a fantastic operational team to support and develop their people this company has an edge by truly delivering on best practices in the market place. Due to a well thought out growth plan they require the skills and experience of specialist consultants for some key areas of the business;

IT – Software  
IT - Digital

Reporting to the Director of the business unit, you will be seen as the expert in your sector, people will come to you for advice and clients know you will deliver on their expectations; this is an opportunity to be part of the largest, most successful agency in Qld.

Your background and reputation will be far reaching; it will be one of quality and based on experience. You will speak with ease on your sector. You will work with likeminded people with a work ethic that resonates with you. If you are looking for an organisation that embraces entrepreneur's and delivers exceptional business solutions, this will be a journey that you will want to be a part of. .
